

13. Which of the following is a renewable resource?
- A. tree
 - B. natural gas
 - C. solar energy
 - D. oil
14. Watering plants and grass in the early morning is one way to conserve water. Why?
- A. Plants only absorb water in the morning.
 - B. Less water evaporates into the air in the cool morning. This leaves more water for plants to absorb and allows shorter watering times.
 - C. Water used in the morning can be recycled in the evening.
 - D. Water is more pure in the morning.
15. Which of the following is NOT a way to help conserve energy?
- A. Plant trees in the landscaping around buildings.
 - B. Turn off machines when they are not being used.
 - C. both A and B
 - D. Take lots of bubble baths.
